

GRANITE VISTA FORTÉ SERIES FEATURES

Granite Vista offers homeowners all the conveniences of a master-planned community in a rural setting, close to the University of Phoenix Stadium and the Westgate Entertainment District. Forté Series homes feature spacious, open floor plans, three to six bedrooms and up to three baths. Three car garages are included (per plan).

Because Elliott Homes is committed to understanding the way people live in our homes, each and every floor plan is designed for ease and convenience, with smooth traffic flow from one room to another.

Elliott Homes remains in the forefront with energy-efficient components and building materials, surpassing the code requirements many builders use as a guideline. Using the Home Energy Rating Score (HERS) as a measuring point, Elliott Homes saves significantly on utility costs. By building homes with a tighter seal and including features, materials and appliances that reduce energy waste, Elliott Homes enables buyers to purchase the home of tomorrow ... today.

Although all features may not apply to all plans due to design configurations and architectural styling, you will find a wealth of luxury features included in every Elliott Home. Please consult your Sales Representative for a complete options list and to determine if a particular feature is offered in the home you desire. Special features and decorator items in model homes are not included (wallpaper, mirrors, wall treatments, furniture and special walk-finishing).
