A FIDELITY NATIONAL FINANCIAL, INC. COMPANY

1-800-TO-COVER (800-862-6837)

Enjoy the peace of mind that comes with a home warranty protection plan from Fidelity National Home Warranty

Fidelity National Home Warranty helps manage and protect your home expenses with protection plans that cover major systems and appliances. Whether you are a home buyer or home seller, a home warranty is a very affordable way to protect your most valuable asset! It is the type of investment that pays for itself. There is simply no substitute.

HOME BUYER

Provides budget protection for home buyers at a time when unexpected repair bills are usually least affordable. The benefits include:

- ◆ Budget/cash flow protection on unexpected repairs
- ◆ Convenience of one call, one small service fee
- ◆ Most major systems and appliances covered under the standard plan
- ◆ Provides ongoing home protection—eligible for renewal year after year!

SELLER

Offers protection against costly repairs to sellers while the home is listed until after the close of sale. In addition, homes listed with a home warranty are more attractive to potential buyers, and may sell faster and closer to the asking price.

- ◆ Value added incentive to attract buyers
- ◆ Minimal cost—premium not paid until closing
- ◆ Budget/cash flow protection on unexpected repairs
- ◆ Reduced after sale worries

PRE-SEASON HVAC TUNE-UP OPTION **NEW**

Covered: One Air Conditioning unit Pre-Season Maintenance Tune-up between February and April and one Heating unit Pre-Season Maintenance Tune-up between September and November when the service for the Pre-Season Maintenance Tune-up is requested and performed during the pre-season period. The Service Provider will calibrate thermostat, test temperature split, check system pressures, check refrigerant levels and add refrigerant if necessary, perform amp draw on condenser, inspect condenser coils and clean if necessary, check contactors, check accessible condensate lines for leaks, clear condensate line stoppages, clean or replace filters (Contract Holder to supply), clean and tighten electrical connections, test capacitors, check heating operation, inspect pilot system, test safety switches, test limit switches, clean burners, and advise Contract Holder if any equipment is improperly installed.

Not Covered: Filters • evaporator/indoor coil cleaning, including acid cleaning.

PRE-SEASON HVAC TUNE-UP OPTION CONTINUED

Limits: Pre-season maintenance tune-ups are provided for one air conditioning unit between February and April and one heating unit between September and November. A Service Trade Call Fee is due for each pre-season maintenance tune-up requested. If you would like additional units tuned-up during the FNHW scheduled service appointment, you are responsible to pay the Service Provider directly for each additional unit. If a covered service beyond the pre-season maintenance tune-up is required, an additional Service Trade Call Fee is due.

EMERGENCY LODGING/ PORTABLE AC REIMBURSEMENT OPTION **NEW**

Covered: FNHW will reimburse for a hotel or motel stay or the rental or purchase of a portable air conditioning unit or heater.

Limits: The primary residence must be rendered uninhabitable due to covered events beyond the Contract Holder's control, and as a result of one of the following: a) complete loss of heating or cooling for 24 hours or more from the time of the first visit by the Service Provider solely due to a backorder or supply issue that causes a delay in availability of the required parts for the completion of repair, or b) when a sudden break in a water pipe results in flooding (defined as an overflowing of water that leaves standing water in more than one room on the above ground living areas of the residence), and the removal of the water from the residence by a water removal company is delayed by 24 hours or more from the time the documented service request was made to the water removal company. Reimbursement will be provided upon receiving a copy of an acceptable paid receipt up to a maximum of \$200 per night (including taxes and fees), or up to a maximum of \$100 per day for a portable air conditioning unit or heater, for a total of \$1,000 aggregate per contract term. This coverage is not renewable and not available on Direct to Consumer contracts.

Comprehensive Plus Plan

The additional items listed below are covered for the Buyer when the Comprehensive Plus Plan is purchased. See Buyer's Coverage description(s) for complete coverage terms and limits. All other terms and conditions of coverage apply.

Mismatched Systems

Covered: FNHW will repair or replace a system or component that has failed due to a mismatch in capacity or efficiency.

Limits: Coverage does not apply if the heating or cooling system is undersized relative to the square footage of area being heated or cooled. If the mismatched system violates a code requirement, the \$250 Code Violation aggregate applies as stated.

Improper Installations, Repairs, or Modifications

Covered: FNHW will repair or replace a system or appliance that has failed due to improper installation, repair, or modification.

Not Covered: Modifications related to Contract Holder provided items installed under the Home Improvement Installation Option.

Limits: If the improper installation, repair, or modification violates a code requirement, the \$250 Code Violation aggregate applies as stated.

Limits: FNHW will provide coverage up to a combined aggregate of \$2,500 per contract term. Must be main source of heat to home and designed for residential application; not to exceed 5-ton capacity.

STOPPAGES DUE TO ROOTS

Covered: Clearing of stoppages due to root intrusion, removal of toilets, or other access, except via a roof vent, to clear a stoppage, including cost to install a ground level cleanout.

Not Covered: Repairs or replacement of collapsed or broken lines located outside the main foundation • excavation • roof vent access.

Limits: FNHW will provide coverage up to a combined aggregate of \$250 per contract term. When access is only available via a roof vent, FNHW's liability is limited to Cash in Lieu up to the stated aggregate.

CODE VIOLATION/MODIFICATION

Covered: Coverage increased by \$1,000 over the Comprehensive Plus Plan coverage to make necessary duct, plenum, electrical, plumbing and carpentry modifications and/or correct code violations if necessary to affect FNHW-approved repair or replacement of a covered system or appliance.

Not Covered: Restoration of wall, ceiling, or floor coverings, cabinets, counter tops, tile, paint or the like. Code violations or modifications related to Contract Holder provided items installed under the Home Improvement Installation Option. We do not provide coverage to remove or install non-related systems, appliances, or equipment in order to render a covered repair or replacement.

Limits: FNHW will provide coverage up to a combined aggregate of \$1,250 per contract term.

Limits of Liability

The contract provides quality protection against the cost to repair or replace home systems and appliances. It is intended to reduce the Contract Holder's out-of-pocket costs for covered services.

- 1.** FNHW's liability is limited to failures of covered systems and appliances due to normal wear and tear during the term of the contract. Coverage is not all-inclusive; there may be situations in which the Contract Holder will be responsible to pay additional costs for parts or services not covered by the contract.
- 2.** FNHW reserves the right to obtain a second opinion at its own expense. The Contract Holder may order their own second opinion but shall be responsible for the cost of said opinion.
- 3.** FNHW will determine whether a covered item will be repaired or replaced. Except as otherwise noted in the contract, replacements will be of similar features, capacity, and efficiency as the item being replaced. FNHW is not responsible for matching dimensions, brand, or color. FNHW will replace appliances with stainless steel or similar finish with the same finish, limited to applicable contract aggregates. When parts are necessary for completion of service, FNHW will not be responsible for delays that may occur in obtaining those parts. FNHW reserves the right to repair systems and appliances with non-original manufacturer's parts, including rebuilt or refurbished parts. In cases where the failed covered item is also covered by a manufacturer's warranty, this service contract provides the cost of labor when the manufacturer a) does not cover the cost of labor and, b) supplies the part or component. Unless otherwise noted in the contract, FNHW is not responsible nor liable for the disposal cost(s) of appliances, systems, equipment or components of equipment including refrigerant, contaminants, or other hazardous or toxic materials. All dollar limits stated in the contract include the cost to access (when noted as covered), diagnose, repair, or replace the covered system or appliance.

4. When federal, state, or local regulations, building, or similar code criteria require improvements or additional costs to service a covered system or appliance, including permits, the costs to meet the proper code criteria shall be the sole responsibility of the Contract Holder, except where otherwise noted in the contract. FNHW will be responsible for repairs or replacement of covered systems or appliances after the proper code criteria are met, except where otherwise noted in the contract. When upgrading covered systems, parts, or components to maintain compatibility with equipment manufactured to be compliant with federally mandated energy efficiency requirements, FNHW is not responsible nor liable for the cost of construction, carpentry, or other structural modifications made necessary by installing different equipment. FNHW is not responsible to perform service involving hazardous or toxic materials, or conditions of asbestos.

5. FNHW is not responsible for repairs or replacements due to misuse or abuse, disassembled or missing parts, nor for failures or damage due to: fire, flood, smoke, lightning, freeze, earthquake, theft, storms, accidents, riots, war, acts of terror, vandalism, animals or pests, power failure, surge or overload, soil movement, structural changes, design deficiency, manufacturer's recall or defect, inadequate capacity, land subsidence, noise, slope failure, or cosmetic defects. Except where otherwise noted in the contract, failures due to improper previous repair or installation of appliances, systems, or components is not covered. FNHW will not perform routine maintenance or cleaning. The Contract Holder is responsible for providing routine maintenance and cleaning of covered items as specified by the manufacturer to ensure continued coverage of such items. For example, heating and air conditioning systems require periodic cleaning and/or replacement of filters, and water heaters require periodic flushing.

- 6.** FNHW is not responsible for consequential or secondary damages resulting from the failure of a covered system or appliance, or the failure to provide timely service due to conditions beyond FNHW's control, including but not limited to delays in securing parts, equipment, or labor difficulties. FNHW is not responsible for food spoilage, loss of income, utility bills, living expenses, personal or property damage, vandalism, or theft.
- 7.** FNHW is not responsible for providing access to repair or replace a covered system or appliance unless otherwise noted in this contract. When access is provided under this contract, restoration to walls, closets, floors, ceilings, or the like, will be to a rough finish only. FNHW is not responsible for the cost of modifications to existing equipment, or to install different equipment when necessary to repair or replace a covered system or appliance, including but not limited to pipe runs, flues, ductwork, structures, electrical, trim kits, stacking, connecting or mounting hardware, or other modifications. FNHW does not cover systems, appliances, or equipment designed for commercial use.
- 8.** FNHW is not responsible for electronic/computerized or remote energy management systems including but not limited to zone controlled systems, lighting, energy, security, pool/spa, entertainment/media/audio, or appliances. Solar systems and components are not covered.
- 9.** Common systems and appliances are not covered except in the case of a duplex, triplex, or fourplex dwelling, and unless every unit is covered by FNHW. If the contract is for a dwelling of five units or more, only the items contained within each individual unit are covered, and common systems and appliances are excluded. Regardless of unit count, optional coverage is only available when purchased for each unit.
- 10.** This contract may be cancelled by the Contract Holder at any time. FNHW may cancel this contract for the following reasons: (a) non-payment of contract fees; (b) fraud or misrepresentation of facts material to the issuance of this contract; (c) when contract is for Seller's Coverage and close of escrow does not occur, or (d) mutual agreement between Contract Holder and FNHW. If contract is cancelled, the Contract Holder shall be entitled to a prorated refund of the paid contract fee for the unexpired term, less any unpaid Service Trade Call Fees, an administrative fee of \$50 or up to 10% of the gross amount paid by the Contract Holder, whichever is less, and less any service costs incurred by FNHW.
- 11.** FNHW may, at its sole discretion, provide Cash in Lieu of repair or replacement of a covered system or appliance in the amount of FNHW's actual cost to repair or replace such a system or appliance, less the Service Trade Call Fee or Fees owed, and less any service costs incurred by FNHW. The amount provided as Cash in Lieu is generally less than retail. Cash in Lieu will be provided for systems or appliances where FNHW's cost to repair or replace exceeds the aggregate or limit. FNHW is not responsible for work performed once Contract Holder accepts Cash in Lieu of service. Once Cash in Lieu is accepted, FNHW will close the service work order and an acceptable proof of repair or replacement must be received by FNHW for continued coverage of the item.
- 12.** The contract may be renewed at the sole discretion of FNHW, subject to applicable rates and terms. Buyer's Coverage Options cannot be added at time of renewal. If the covered property changes ownership prior to the expiration of the contract, the Contract Holder may call 1-800-862-6837 to transfer coverage to the new owner for the remainder of the current contract term.
- 13.** Coverage on lease options is available for the lessor only. Contract fee is due and payable to FNHW upon execution of the lease and continues for one full year.

- 14.** FNHW is not responsible under any circumstances for the diagnosis, repair, removal, or remediation of mold, mildew, rot, or fungus, or damages resulting from the same, even when caused by, or related to, the malfunction, repair, or replacement of a covered system or appliance.
- 15.** Obligations of FNHW under this service contract are backed by the full faith and credit of FNHW.

Terms of Coverage

1. If a covered item fails during the contract term, the Contract Holder must place a service request at www.homewarranty.com or by calling 1-800-308-1420. "Contract Holder" includes anyone designated in the FNHW system as the Contract Holder's representative. Upon receipt of a service request, FNHW will contact a qualified, independent Service Provider within 3 hours during normal business hours and 48 hours on weekends and holidays. Our assigned Service Provider will then call the Contract Holder directly to schedule a mutually convenient appointment during normal business hours. FNHW will determine what service requests constitute an emergency and will make reasonable efforts to expedite emergency service. The Contract Holder is responsible for any additional fees, including overtime, for non-emergency services requested outside normal business hours. We encourage the Contract Holder to take reasonable measures to prevent secondary damage caused by a failed system or appliance. Please call 1-800-308-1420 with any concerns regarding the Service Provider or scheduling.

NOTE: Should the Contract Holder contract directly with others, or do the work themselves, FNHW will not reimburse that cost.

2. When we request or allow the Contract Holder to obtain an INDEPENDENT OUT-OF-NETWORK CONTRACTOR to perform diagnosis and/or service:

- 1) FNHW will reimburse the Contract Holder if the Independent Out-of-Network Contractor is qualified, licensed, insured, and provides fair and reasonable rates for parts and service.
- 2) Once the Independent Out-of-Network Contractor has diagnosed the system or appliance and prior to servicing, the Contract Holder must contact FNHW at 1-800-208-3151 to confirm that the service work is covered by the contract. Failure to contact FNHW may result in denial of coverage.
- 3) Upon completion of the FNHW authorized services, the Contract Holder must pay the Independent Out-of-Network Contractor and provide FNHW with a copy of the paid itemized receipt for reimbursement.
- 4) The Contract Holder must submit the itemized receipt to FNHW within 30 days of service completion for reimbursement.
- 5) FNHW will deduct any fees owed from reimbursement provided.

3. Service Trade Call Fee (fee): The Contract Holder is required to pay a \$75 Service Trade Call Fee for each trade service request submitted to FNHW. For example, if a Contract Holder needs both a plumber and an appliance technician, each will require a separate Service Trade Call Fee. The fee is due once the Contract Holder requests service and is due at that time regardless of whether, a) the requested service is covered or denied, b) the diagnosis results in a complete or partial exclusion of coverage, c) the Service Provider is en route to the home and the Contract Holder cancels the appointment, d) Contract Holder fails to provide the necessary access to perform the service request, including not being home at the time of the prearranged appointment. Failure to pay a fee will result in suspension of coverage until the proper fee is paid. Upon receipt of that payment, coverage will be reinstated for the remainder of the contract term.

4. Service work is warrantied (without an additional Service Trade Call Fee) for 30 days on labor and 90 days on parts. The 30/90-day warranty only applies to malfunctions that are reported to FNHW during the term of the contract.

5. Buyer's Coverage starts at the close of escrow and continues for one year provided the contract fee is paid at the close of escrow. When the contract fee has not been received by FNHW, request for service will be dispatched once contract payment can be verified by the closing agency, except on weekends and holidays, as long as the Contract Holder agrees to specific terms and conditions presented to them at the time of the service request. The Contract Holder must call for service prior to the expiration of this contract. Failure to pay a fee will result in suspension of coverage until the proper fee is paid. Upon receipt of that payment, coverage will be reinstated for the remainder of the contract term.

NOTE: For homes not going through a real estate transaction, i.e. direct to consumer contract, coverage is effective 30 days following receipt of payment by FNHW. Options must be added at the time of purchase.

6. New Construction Coverage: Contract coverage and any Buyer's Coverage Options begin on the first anniversary of the close of escrow and continue for four years from that date, provided the plan fee is received by FNHW within 10 working days from the close of escrow.

7. This contract covers single-family dwellings under 5,000 square feet and does not cover multi-unit homes, unless amended by FNHW prior to the start of coverage. Guesthouses, casitas, or similar structures are only available with the purchase of coverage for the main home and require an additional, separate contract with additional options purchased as necessary. Covered dwellings cannot be used for commercial purposes, such as but not limited to daycare centers, nursing care homes, fraternity/sorority houses, real estate companies, etc.

8. The contract covers only those parts, components, systems, and appliances specifically mentioned as covered and excludes all others. We recommend that the Contract Holder review their contract completely. Covered systems and/or appliances must be located within the main foundation of the home or garage except for exterior pressure regulator, waste/stop valves, water heaters, well pump, air conditioner/evaporative cooler, pool/spa equipment, outdoor kitchen items, sewage ejector pump, and outdoor septic tank system equipment. All coverage and coverage options are subject to the additional charges, limitations, and conditions mentioned in the contract.

9. Optional Seller's Coverage (Seller's Coverage) is available only in conjunction with the purchase of coverage for the Home Buyer. Seller's Coverage begins upon issuance of a confirmation number by FNHW and continues for 180 days, close of sale, or termination of listing, whichever comes first. Should it be determined at any time that the Buyer's Contract will not be purchased through FNHW, the Seller's Contract will be immediately cancelled. Seller's Coverage may be extended at FNHW's sole discretion. Seller's Coverage is not available on homes in excess of 5,000 square feet, For Sale By Owner properties, New Construction Coverage, multi-units, guesthouses, or casitas. Buyer's Coverage Options are not available. The combined \$1,500 contract aggregate limit for the access, diagnosis, repair, and replacement of the following items during the Seller's Coverage period apply; heating and/or air conditioning system/evaporative cooler, and ductwork. Furnace failures due to a cracked heat exchanger or combustion chamber are limited to \$500 maximum. All other limits and aggregates apply.

NOTE: The Enhanced Plan and Enhanced Plus Plan covered items are not available under Optional Seller's Coverage.

10. This is a contract for repair or replacement of specified appliances and home systems. This contract covers only the items specifically identified in this contract as covered (items(s)) and excludes all others. Items are not covered unless they are correctly installed and in proper and safe working order at the start of coverage. This contract does not exclude pre-existing conditions only where such conditions were known or should have reasonably been known by FNHW or its sales agents. This contract does not cover items for which FNHW previously paid Cash in Lieu of a repair or replacement unless such item was repaired or replaced and FNHW is provided proof of such repair or replacement. This contract provides coverage for unknown defects if the defect is not detectable through visual inspection and by operating the system or appliance. A visual inspection of the covered item verifies that it appears structurally intact and without damage or missing parts that would indicate inoperability. Operating the covered item is defined as turning the item on and off to ensure that it is operational. While turned on, the item operates without causing damage, irregular sounds, smoke or other abnormal outcomes. FNHW will not cancel a contract solely on the discovery of a pre-existing conditions (see Limits of Liability #10 for cancellation terms).

11. FNHW will repair or replace covered systems and appliances that mechanically malfunction due to insufficient maintenance, rust, corrosion, or sediment, unless otherwise noted in the contract.

Resolution of Disputes

MANDATORY ARBITRATION. This provision constitutes an agreement to arbitrate disputes on an individual basis. Any party may bring an individual action in small claims court instead of pursuing arbitration.

Any claim, dispute, or controversy, regarding any contract, tort statute, or otherwise ("Claim"), arising out of or relating to this agreement, any service provided pursuant to this agreement, its issuance, a breach of any agreement provision, any controversy or claim arising out of the transaction giving rise to this agreement, or the relationships among the parties hereto shall be resolved by one arbitrator through binding arbitration administered by the American Arbitration Association ("AAA"), under the AAA Commercial or Consumer, as applicable, Rules in effect at the time the Claim is filed ("AAA Rules"). Copies of AAA Rules and forms can be located at www.adr.org.

The arbitration will take place in the same county in which the property covered by the Home Warranty Contract is located. The arbitrator's decision shall be final, binding, and non-appealable. Judgment upon the award may be entered and enforced in any court having jurisdiction. This clause is made pursuant to a transaction involving interstate commerce and shall be governed by the Federal Arbitration Act. By entering into this Agreement the parties acknowledge that they are giving up the right to a jury trial, and the right to participate in any class action, private attorney general action, or other representative or consolidated action, including any class arbitration or consolidated arbitration proceeding. Neither party shall sue the other party other than as provided herein, or for enforcement of this clause or of the arbitrator's award: any such suit may be brought only in Federal District Court for the District or, if any such court lacks jurisdiction, in any state court that has jurisdiction. The arbitrator, and not any federal, state, or local court, shall have exclusive authority to resolve any dispute relating to the interpretation, applicability, unconscionability, arbitrability, enforceability, or formation of this Agreement, including any claim that all or any part of the Agreement is void or voidable. However, the preceding sentence shall not apply to the clause entitled "Class Action Waiver." This arbitration agreement will survive the termination of this Home Warranty Contract. **AS NOTED ABOVE, A PARTY MAY ELECT TO BRING AN INDIVIDUAL ACTION IN SMALL CLAIMS COURT INSTEAD OF ARBITRATION, SO LONG AS THE DISPUTE FALLS WITHIN THE JURISDICTIONAL REQUIREMENTS OF SMALL CLAIMS COURT.**

Arbitration cannot be an absolute dispute remedy and both parties must agree to arbitration. This arbitration provision does not prohibit an Arizona resident from following the process to resolve complaints under the provisions of A.R.S. §20-1095.09. Unfair trade Practices, as outlined by the Arizona Department of Insurance. To learn more about this process, You may contact the Arizona Department of Insurance at 100 N. 15th Ave., Suite 261, Phoenix, AZ 85007-2624, Attn: Consumer Protection. You may directly file any complaint with the A.D.O.I. against a Service Company issuing an approved Service Contract under the provisions of A.R.S. §§ 20-1095.04 and/or 20-1095.09 by contacting the Consumer Protection Division of the A.D.O.I. at 800-325-2548. [PC0023]

CLASS ACTION WAIVER. Any Claim must be brought in the parties' individual capacity, and not as a plaintiff or class member in any purported class, collective, representative, multiple plaintiff, or similar proceeding ("Class Action"). The parties expressly waive any ability to maintain any Class Action in any forum. The arbitrator shall not have authority to combine or aggregate similar claims or conduct any Class Action nor make an award to any person or entity not a party to the arbitration. Any claim that all or part of this Class Action Waiver is unenforceable, unconscionable, void, or voidable may be determined only by a court of competent jurisdiction and not by an arbitrator. **THE PARTIES UNDERSTAND THAT THEY WOULD HAVE HAD A RIGHT TO LITIGATE THROUGH A COURT, TO HAVE A JUDGE OR JURY DECIDE THEIR CASE, AND TO BE PARTY TO A CLASS OR REPRESENTATIVE ACTION, HOWEVER, THEY UNDERSTAND AND CHOOSE TO HAVE ANY CLAIMS DECIDED INDIVIDUALLY THROUGH ARBITRATION.**

AGREEMENT. This Agreement constitutes the entire agreement and complete understanding between the parties and supersedes all prior and contemporaneous agreements and understandings of the parties. No modifications or amendments to this Agreement are effective unless in writing and signed by both parties.

This One Year Major Systems and Appliance Warranty is issued and administered by Fidelity National Home Warranty Company (FNHW), an Arizona licensed home protection company. The real estate agent offering this program does so as a service to protect their client's best interest. They receive no commission or compensation from Fidelity National Home Warranty.
